

Mrs Gann

Boston May 6<sup>th</sup> 1868

Madam. I received a note from  
you delivered by your son, which stated that I could  
have your rooms. I wish your ~~son~~ would oblige me  
by calling on the most convenient table keeper  
and engaging board for a horse and room for  
carriage. Possibly your son comes to town often  
if so I wish he would call and see me.

I wish to simply to ascertain if I can have ac-  
commodations, as it will be necessary for me  
to go to Hingham myself before I take my family  
there

Respectfully Yours
